EDMONTON, ALBERTA, THURSDAY, MAY 4TH 1905

No 103

BORDEN'S AMENDMENT

DEFEATED BY ENORMOUS
MAJORITY.

Thirteen Conservatives supported the
Autonomy Bill, and the Government
had a Majority of 15 outside of
Quebec.

Ottawa, May 4th.—The vote on the
amendment to the Autonomy Bill in-
troduced by R. L. Borden leader of
the Opposition was taken at midnight.
It was voted down by 59 for to 140
against, a majority of 81 for the Gov-
ernment. Mr. McCarthy was the only
Liberal who voted for the amend-
ment. There were two pairs, four
vacant seats and six absent, all of
which with the speaker makes the
full house of 214. Of absentees five
were Liberals and one Conservative,
and the vacant seats were Liberals, so
that in a full house the majority
would be 89. Thirteen Conservatives
voted against amendment. They are
Messrs. Bergeson, Monk, Morin, Prin-
gle, Forest, Ames, Paquet, Worthing-
ton, Parley, Brabazon, Leonard, Lewis
and Thompson of the 'Yukon.'

There was a majority of fifteen for
the Bill outside of the Province of
Quebec.

PRESENTATION.

The members of the McDougall
choir called at the residence of their
former choir leader, Mrs. F. S.
Green, last evening, where a very
pleasant evening, consisting of
music and games was participated in.

Mrs. Green recently resigned her
position as choir director and last
evening was used as an occasion for
expressing the regard in which she
was held by those associated with
her in her work.

A presentation of a beautiful set
of knives and forks, and fish set,
was made and also the following ad-
dress read:

Dear Mrs. Green: No task is ever
as pleasing as to give honor where
honor is due. This attractive duty
we, the members of your choir, now
take upon ourselves, on the occasion
of your resignation of the leadership.
We remember that on your accept-
ance of the charge, your energetic
efforts, rendered effective by mus-
ical knowledge and skill, gave the
choir a strong impetus, and in-
creased wonderfully, both its effec-
tiveness and the quality of its work.

The impetus has not died
away, nor your skill departed, we
had evidence as we practiced for the
most successful choir concert of last
November. We have, moreover, a
lively appreciation of the even tem-
per and sunny disposition, which
made work under you a pleasure
of the obliging good nature which
sent you out so frequently to help
in week-night and in week-day ser-
vices; and the generosity which re-
cognized in full measure the merit
of your singers.

We assure you that these qual-
ities will root themselves in our re-
membrance, and bear blossoms of
lasting regard.

(Signed) Members of McDougall
choir.

CURLING MEETING.

The annual meeting of the Edmon-
ton Curling Club was held in the rink
last night with a fair number of
members in attendance.

The reports of the secretary and of
the treasurer showed the club to have
had a very successful season.

The result of election for the offi-
cers for 1905-06 resulted as follows:
Patron, J. A. McDougall; President,
A. C. Fraser; 1st Vice President, T.
M. Turnbull; 2nd Vice President, E. C.
Emery; Secretary-Treasurer, Jno. A.
McLean; Chaplain, Rev. D. G. Mc-
Quarrie; Umpire, Jas. McDonald;
Executive Committee, Messrs. E. C.
Parley, J. L. Stoddard, Jas. A. Mc-
Lean, J. B. McFar and W. Ramsay;
Auditors, J. Whitelaw and St. George
Jelliffe; Representatives to Alberta
Branch, A. C. Fraser and E. C. Parley.
A hearty vote of thanks was tend-
ed to the retiring officers to which
the officers made suitable replies.

TROOPS CALLED OUT

TO RESTORE ORDER IN CHICAGO

Mobs Larger, Fights fiercer, and
Casualties More Numerous than on
Previous Days.

Chicago, May 4th.—Sanguinary
riots of a disgraceful character filled
the streets today. They were so
fierce and prolonged that a call for
troops has been issued. The mobs
were larger and uglier in disposition
than previously. The total number
injured is estimated at 80. Bottles,
stones and bricks were all used in
the fights which were of a savage
nature. One non-union driver and
two policemen were beaten so that
they were covered with blood. A gang
of strikers threw them from the roof
of a house. The mayor threatens to
call on every able-bodied citizen over
18 to keep the peace. It is likely that
an immense number of civil workmen
will be called on in any event.

MARRIED.

Whitely—Berthume—At the Gold
Boarding house, Edmonton, on
Wednesday, May 3, by Rev. J.
Douglas, Mr. Francis E. Whitely,
to Miss Laura Berthume.

RUSSIA IS HOSTILE

AT JOHN BULL AND JUNGLE SAM

They Warned China that Russia Must
Play according to Rules.

St. Petersburg, May 4.—The ad-
miralty professes ignorance as to
whether Nebogatoff and Rojaitzen-
sky have joined. The cruiser Askold
and the destroyer Grozovoi are de-
tained at Shanghai and will not join
the Russian fleet. Resentment is
shown against Great Britain and the
United States for warning China in
this regard.

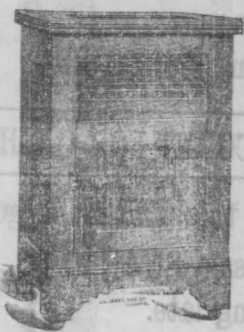

DONATIONS ACKNOWLEDGED.

The secretary-treasurer of the Ed-
monton Public Hospital acknowledges
the receipt of the following school
donations during the past week.

Good Hope school district.....\$ 1.20
Saron school district..... 1.25

GOOD AGENTS FOR THE
Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these ma-
chines have been sold in the
U.S. within the last few years at
the same price which is being
charged for any other standard
typewriter. This proves con-
clusively that the OLIVER is
the very best machine made re-
gardless of price.

As there is now in Montreal
a factory devoted exclusively to
the manufacture of this machine,
it can be bought in Canada for
the same price at which it is sold
in the U.S. without adding from
\$25 to \$30 to cover duty and
charges, as do all the other
standard writers.

This should be a very attractive
proposition to any purchaser of
writing machines.

A SAMPLE FROM THE "WORLD."

The bland misconstruction which a section of the Toronto press is assiduously placing on the school clauses is pretty well illustrated by the following ret from the Toronto World:

"If the educational clauses of the Antonomy Bill are not coercive they are foolish. There would be no sense in Federal interference if it was known beyond a shadow of doubt that separate schools would be maintained by the North West of its own free will for all time. Separate schools in perpetuity under provincial sanction would be quite as satisfactory to the minority as separate schools guaranteed by virtue of a federal statute."

What the World and its associates will not understand is that while the inclusion of the school clauses has raised a hubbub among the Toronto paramours of the Opposition, the omission of the clauses would have raised a cyclone among the people of the Territories, who instead of the introduction of a decade of religious warfare with the accompaniments of protracted litigation, remedial legislation and the general disruption of provincial affairs would have demanded the definite adoption of the system which they themselves have made, with which all creeds and sections have been satisfied and with which they do not propose that any one shall have the privilege of monkeying.

A "SURROUNDING" MOVEMENT

From attacking the Government on the ground that the school clauses will continue the separate school system in the Territories the Toronto Mail and Empire has worked around and now assails the Government on the ground that the clauses will not continue the separate school system in the Territories.

The reason for executing this circumlocutory flank movement is apparently to enable the Mail and Empire to say that:

"There are two ways by which trouble may come as a result of this legislation if it should pass. In the first place we may be confronted by action in the West abolishing separate schools, and by appeals for remedial legislation. In the second place the representatives of the minority may, under the proposed law, appeal to Ottawa for legislation altering the school laws of the two provinces, and making them more favorable to the idea of confessional schools than they are today."

What the Mail and Empire does not say is that whether or not trouble is liable to come under the present clauses, trouble was dead sure to come, quickly, plentifully and long continued, if the clauses had been omitted from the act.

CITY AUDITOR'S ANNUAL REPORT.

Report of the Auditor of the City Council setting forth reasons why he refused to certify the Annual Statements prepared by the Secretary Treasurer.

Following was the annual report of the city auditor, read to the city council on Tuesday evening and which the aldermen will discuss at a special meeting this evening.

Edmonton, May 2,
The Mayor and Council,
City of Edmonton:
Gentlemen—

Herewith I beg to hand you a report of my audit of the books and accounts of the City of Edmonton for the fiscal year ending December 31, 1904. I find it impossible to accept the majority of the statements handed to me by the Secretary Treasurer, as I find them incorrect. I stated in my preliminary report that the accounts needed re-systematizing, which the Finance Committee endorsed in their report, which was unanimously accepted by the council. In support of this statement, and to prove to you the necessity of this being done, I have discussed each of the secretary-treasurer's statements separately and have pointed out the incorrect results obtained through lack of system. I have constructed statements in support of all the arguments and figures used in this report which I am prepared to hand to any authority capable of arriving at a just and unbiased decision in this matter.

For the purpose of showing the importance of adequate knowledge of the principles of municipal book-keeping, I have discussed the results obtained as the books are now closed, but I must here state that a great many corrections will have to be made which will necessitate the books being re-opened, some of which I have pointed out.

BALANCE SHEET.

The construction of the Balance Sheet, or statement of Assets and Liabilities is confusing and conveys no conception of the financial standing of the city.

I have re-constructed this Balance Sheet, the same figures being used, and it is now arranged in four sections as follows:

1st. Current or running accounts.

2nd. Unpaid debenture accounts.

3rd. Local improvement accounts,

4th. Capital accounts sub-divided into Fixed and Concurrent Assets. The first or current section is made up as follows:

The assets or accounts receivable are,

Cash on hand \$9,937.50
Taxes unpaid 6,893.95
Local improvements (for which a debenture will be issued) 16,273.60

Total \$33,105.14
The liabilities or accounts payable are,

Bills Payable (items authorized to be made by Bylaw 262 for current revenue purposes) \$30,000.00
Edmonton Street Railway Co. (deposit guarantee) 10,000.00
Interest unpaid 2,063.84
Debenture interest unpaid 6,031.58
Water operation 317.85 (surplus for reserve purposes)
Electric Light operation 4,148.30 (surplus for reserve purposes)

Total \$52,561.64
Balance excess of current liabilities of \$19,456.50

To explain the cause of this large excess of current liabilities by reference to the next or unpaid debenture section, it will be seen that expenditures on account of the general or bonded debt have been made amounting to \$265,492.48. On account of these expenditures authority has been given by several Bylaws to extend the sum of \$249,000.00 so that the sum of \$15,959.48 of the funds authorized by Bylaw 262 to be borrowed for current expenses only, and to be repaid during the financial year, has been used to augment the debenture debt, this expenditure also being made without authority by debenture Bylaw.

To arrive at the legitimate deficit of the current accounts it will be necessary to deduct this amount of \$15,959.48 from the total excess of liabilities of \$19,456.50, which leaves the sum of \$3,497.02, and is the revenue shortage as the books are now closed.

The third section is self-explanatory, the Local Improvement ac-

counts being of a concurrent nature, the assets at all times agreeing with the liabilities.

The fourth section represents firstly, the fixed, or permanent assets, and secondly, concurrent assets, the balancing account being termed capital, which represents the surplus value of fixed assets over liabilities. The Capital account, as stated in my preliminary report, is not correct, and I will prove this further on.

REVENUES AND DISBURSEMENTS.

This statement is also incorrect. The revenue balance of 1903 of \$2,442.84 and the receipts from Real Estate sales of \$322.31 not having been credited, and the sum of \$3,234.70 on account of Rice street and College avenue extension has not been included in the expenditures. The total deficit as stated, is not \$3,927.47, but only \$3,497.02, which amount agrees with the balance of current accounts in the balance sheet and must therefore be correct.

The secretary-treasurer has stated that the capital account is a reserve account to which has been carried the revenue surpluses of 1900 and 1901, "to offset some future deficit, the wisdom of which course will be apparent when the accounts of 1904 are closed."

There is also credited to this account Real Estate valued at \$14,098.94, the value of this asset as shown by the Real Estate account is only \$10,176.01, a difference of \$3,922.93.

This amount is stated by the Secretary-Treasurer to represent profit, presumably also in reserve, which, if added to the revenue surpluses of 1900 and 1901, makes the sum of \$7,525.16 supposed by him to be in reserve.

I might here mention that nothing is said in the statements about this matter. Now, as the current accounts in the secretary-treasurer's own balance sheet show the legitimate liabilities to be in excess of the revenue producing assets to the extent of \$3,497.02, I would like to know how it is possible for the sum of \$7,525.16 to be available; as a matter of fact, if this sum should be in reserve, it must be included in the current liabilities in the same way as the electric light and water operation balances are, and if this is done there will be a total deficit of \$11,022.15.

Accepting the secretary-treasurer's statement as correct, the deficit of \$3,497.02 is accounted for, but the sum of \$7,525.16 is not, so that the matter finally resolves itself into this, that he must either change his mind on this subject and admit that no reserve exists or else account for the sum of \$7,525.16 which is apparently missing.

I find that debts incurred by the

council of 1904 have been charged against the revenues of 1905 as follows—

Finance \$42.87
Public Works 190.90
Fire, Water and Light 435.35
Health and Relief 32.35
Police Department 19.50
Fire appliances 116.29
Market 116.10
Total \$1,347.77

ELECTRIC LIGHT OPERATION.

The fiscal year, of the electric light operation is from February 1 to January 31. The statement submitted by the Secretary Treasurer shows that surplus revenue of \$3,034.29 was carried forward from 1903, the total revenue of 1904 was \$31,034.77, the expenditures, \$29,920.67, leaving a stated "Balance Surplus as per Ledger \$1,114.10."

To this amount is added Available Assets of \$7,521.42, with a stated Total Surplus Revenue to date of \$11,635.52, this surplus, it is admitted, not being in accordance with the ledger.

Now according to statements of 1903 there was a revenue surplus of \$594.72 and not \$304.29.

The revenues of 1904 were \$31,034.77 and not \$31,034.11; the disbursements were \$30,634.37 and not \$29,920.67 and there was a revenue surplus of \$769.86 and not \$11,635.52.

By reference to the items termed by the secretary-treasurer "Available Assets" you will find the following—

Tools and appliances at Power house 150.00
Rented meters 3,900.00
Meters in stock 175.00
Linenmen's tools and appliances 175.00
Total \$4,400.00

The term available asset is supposed to be used to designate a current or running account, from which revenue is available.

That tools and appliances and rented meters which are part of the necessary equipment of operation, are available for any other purpose than for use in out of the question and to include the value of them in a revenue surplus is absurd.

The item of \$3,900.00 represents the inventory valuation of all the meters in use, but meters amounting to \$1,324.49 were paid for from the electric light capital account and form part of the debenture debt, and yet are shown as an asset of the operation account.

There is carried on inventory, 200 tons of coal valued at \$450, which amount appears in the statement. The inventory is dated December 31, 1904, and this is the amount of coal on hand at that date, one third of which, I find, belongs to the water operation account. The inventory

should have been taken on January 31, as I explained, the year of this account dates from February 1 to January 31 and there was on hand at that date only 153 tons valued at \$397.20. I also find that the invoice of coal supplied during January amounting to \$1,047.93 was not charged until February, 1905, so that the operation of 1905 will stand the coal expenses of 1904 to that extent, and an erroneous result of 1904 be given.

On the 28th December last, insurance was put upon the power house, the premiums amounting to \$2,900, of which there was charged to water operation account \$16.66, the net amount charged to electric light operation account being \$1,883.34. The fiscal year ended January 31, 34 days from the date of the interim receipts and no unexpired insurance was credited, so that for this number of days \$1,683.34 was paid or about \$52 per day. There are several other items which should have been charged before closing the accounts, to give an accurate idea of the standing of this enterprise.

WATER OPERATION.

The secretary-treasurer's water operation statement indicates that the revenues for the year amount to \$13,145.96, the expenditures \$12,718.96, with balance surplus \$427. The liabilities payable in 1905 are, Sinking Fund to be established, with earnings for two years amounting to \$2,870.65. Debenture interest due December 23 last, \$691.90, the result stated being "Total deficit on operation to date \$3135.55. The revenue from operation of this system were \$9,616.35 and not \$12,145.96, the expenditures were \$10,677.20 and not \$12,718.96, leaving a deficit for the year of \$460.82, which, if added to the deficit of 1903, of \$1,030.92 makes a total deficit from actual operation to date of \$1,491.74 and not a surplus of \$427.90.

There is included in the revenue from operation the sum of \$142.00, termed water and sewer permits, which cannot be considered as a legitimate credit to this account. There is also included in the revenue the sum of \$3,387.58 termed "Assessment 1904 (special rates levied on properties)." By reference to the City Charter, Schedule A, cap. 35, Section 49, 1904 of the Municipal Ordinance, will be found the following—

THE NEWS OF TO-DAY

IN CONDENSED DESPATCHES.

Brief Items from many sources tell the story of the day's events.

NAN MAY GET FREE.

New York, May 4.—Nan Patterson will likely be a free woman. After the third trial the jury failed to agree. She must be convicted within a year of the crime or not at all. This can hardly now be done.

HUSBAND AND WIFE SUICIDE.

Blackpool, Eng., May 4.—Mr. and Mrs. Root, Shaw, about to emigrate from here, committed suicide. It is a pitiable story. The woman confessed to her husband that she had intrigued with another man. This apparently preyed on both minds and each committed the deed by shooting in the mouth. They leave two children.

RUSSIA'S USUAL PROGRAM.

St. Petersburg, May 4.—Reports of disturbances all over European Russia are coming in. The gravest occurrence was at Miltopol, where a mob held high carnival and burned the greater part of the town. At Nijni Novgorod a regular battle occurred between the soldiers and civilians. The troops fired, killing and wounding several.

STRENGTHENING THE SQUADRON.

Halifax, May 4.—The French North Atlantic squadron will be supplemented by the powerful cruiser, "Chasseloup-Laubet," flying a commodore's flag.

OTTAWA WANTS A HOTEL.

Ottawa, May 4.—Plans are on foot to build a million dollar hotel for the capital.

KILLED BY BURSTING OVEN.

Montreal, May 4.—Joseph Ferguson and Jos. Dufour were instantly killed and Francois Chartrand mortally injured by the bursting of an oven in the plant of the Terra Cotta Co. at Laprairie. All three have families.

WILL STOP MAKING BROOMS.

Toronto, May 4.—Premier Whitney announced in the Ontario Legislature that the manufacture of prison-made brooms ceases on July 1.

WANT A VOTE.

Toronto, May 4.—Fifty women called on Premier Whitney, asking for the extension of the municipal franchise to married women, claiming it would place them on an equal footing with widows and spinners. Mr. Whitney was favorably inclined to their petition.

THE DEACON HAS A KICK.

Winnipeg, May 4.—A novel complaint was made in the Central Congregational Church last night by Deacon Richard Waugh that too many strangers attend and crowd out the regular worshippers. The new pastor, Rev. Jas. Gordon, made it a particular point to invite strangers, publishing alluring invitations in the daily papers to that effect. (The deacon moved that bolted doors be used to keep out the irregulars if necessary. The widow's mite contributed by these people was not acceptable. He also said the ladies' hats were a shade too large, he having to rubber to get a view of the preacher. The deacon's roar created a great sensation in clerical circles.

Superfluous Hair

Removed by the New Principle

De Miracle

It is better than electricity, because it does not scorch or produce a new growth. Better than X-ray, because it does not burn, scar or paralyze the tissues under the skin. Better than depilatories, because it is not poisonous; therefore, it will not cause blood poisoning, or produce eczema, which is so common with depilatories, and does not break off the hair, thereby increasing its growth.

Electrolysis, X-ray or depilatories are offered you on the bare word of the operator and manufacturers. DE MIRACLE is not. It is the only method which is endorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines.

DE MIRACLE will be mailed to any address, sealed in plain wrapper for \$1. Your money back without question if it fails to do all that is claimed for it.

Our booklet—the most complete treatise on Superfluous Hair ever published—containing the testimonials of numerous physicians and surgeons and those of hundreds of others—will be sent free, in plain, sealed envelope, upon request. Write for it to-day to DE MIRACLE CHEMICAL CO., 23 QUEEN STREET WEST, TORONTO, ONT.

THE ROBERT SIMPSON COMPANY LIMITED

CURING THE FILLER

THE Pharaoh filler I select in Manicargua—Province of Santa Clara, Cuba, is generally harvested in February.

The plants are cut down at daybreak—allowed to remain until eleven o'clock in the morning—until they are properly wilted—then taken to curing houses for drying.

After they are thoroughly dried they are allowed to become moist through atmospheric humidity and then made into "hands." Four of these hands constitute a carat, eighty carats make a bale.

After allowing it to age for three full years, in order to develop its superb fragrance and aroma, I make it up into "Pharaoh."

That's why there is a taste and odor of genuine tobacco in my Pharaoh Cigar.

APPRECIATION.

APRIL 25th, 1905.

H. F. SANDEMAN, Esq.,

Agent for the Norwich Union Fire Insurance Co., Strathcona.

DEAR SIR—Allow me to express my appreciation of the courtesy and treatment I have received at the hands of the Norwich Union Fire Insurance Society, in which Company I carried Insurance at the time of the Fire in my Hotel on March 30th last.

The way the Company settles Claims is most satisfactory to a Policy Holder, for it loses no time, as a full settlement of my Claim was in my hands within Three Weeks from the date of the Fire. Wishing your Company all the success it deserves.

I beg to remain, yours truly,

(Signed) WILSON PYPER.

STOVE WOOD FOR SALE

SUTHERLAND DEAD.**MINISTER OF PUBLIC WORKS CALLED.**

Hon. Jas. Sutherland died suddenly at his house in Woodstock—Hon. C. S. Hyman acting Minister.

Woodstock, Ont., May 4.—Hon. James Sutherland, Minister of Public Works, died here at 2 p.m. Mr. Sutherland has been seriously ill for some time past, but nevertheless, the sudden crisis took his family and friends by surprise. The funeral will be held on Saturday afternoon.

Ottawa, May 4.—Hon. C. S. Hyman is acting Minister of Public Works, the portfolio vacated by the death of Hon. Jas. Sutherland.

HOUSE WILL ADJOURN.

Ottawa, May 4.—In announcing the death of the Hon. Jas. Sutherland to the House today, Sir Wilfrid Laurier was visibly affected and was only able to say a few words. He said he had lost one of his best friends, and the House one of its most valued members. He moved that when the House adjourned tomorrow it stand adjourned until Monday to permit members attending the funeral. Mr. Borden said that Sir Wilfrid's emotion was a greater tribute than words to the loss he had sustained in the death of his friend.

NEW OFFICERS ELECTED.

The annual meeting of the shareholders of the Edmonton Brewing & Malting Co., Ltd., was held in the company offices last evening.

The following officers were elected:

Mr. D. H. Ker, Victoria, B.C., president.

Mr. R. Secord, Edmonton, vice-president.

Mr. T. W. Lines, Edmonton, Managing Director.

Mr. W. M. Hill, secretary-treasurer.

Directors—D. E. Campbell, Victoria, B.C.; W. E. Lines, Edmonton; J. H. Pieser, Edmonton; W. H. Shepherd, Stratcona.

A director's meeting was subsequently held and it was decided to make extensive improvements to the brewery as well as the malting plant during the coming summer.

COUNCIL MEETING TO-NIGHT.

The city council meet in special session this evening to consider the annual report of the auditor. Should this permit the proposed telephone reorganization and the civic wage schedule may be taken up.

DIED.

McQuarrie—At Edmonton on Wednesday, May 3, George McQuarrie, aged 18 years.

AUDITOR'S ANNUAL REPORT.
Continued from page three

ing: "For the purpose of assisting in the payment of any debentures issued for the purpose of water works constructed or acquired under the provisions of this ordinance and the interest thereon it shall and may be lawful for the corporation to provide by By-law for the assessment and collection of a special tax or rate in each year, not exceeding 4 mills in the dollar upon the several properties according to the assessed value thereof etc. etc. "To meet the yearly interest on any debentures issued for the purpose of the said waterworks and the annual amount of payment to the sinking fund for the payment of the principal thereof."

By-Law 279 authorizing the levying and collecting of a rate of three mills on the dollar on properties fronting on the water mains distinctly states that the sum collected is "For the credit of the account of the water works debenture fund." The sum of \$3,387.58, the proceeds of this special assessment, has been credited to water operation revenue account of 1904, no appropriation from the revenues having been made to provide either for principal or interest of the debenture account, but the secretary-treasurer has included in the liabilities payable in 1905 the following items:

Sinking Fund to be established with earnings for two years	\$2,870.85
Debenture interest, due December 28, 1904	691.90
Total	\$3,562.75

so that the procedure authorized by the charter has not been respected and the sum authorized by By-Law 279 to be assessed and collected for the definite purpose of paying the

principal and interest of the debenture debt of the water works system and amounting to \$3,387.58 has been misappropriated and the sum of \$3,562.75 payable by way of sinking fund, and debenture interest is to be charged against 1905, while the amount collected is used to give an erroneous idea of the result of operation of this system. In the item termed "Cash Disbursements," there has been included the sum of \$1610.81 being interest for three months of 1904 on the amount borrowed for construction of the system, all the other interest paid since commencement of operation having been capitalized. By deducting this amount from the expenditures, the final result, as the books are now closed, is a deficit of \$1,491.74, with no interest or principal of the original debt having been charged against this account. An approximate result to the city of this municipal enterprise since the commencement of operation is as follows:

Revenue deficit to December 31, 1904	\$1,491.74
Interest paid on debenture debt since commencement of operation, say	9000.00
Sinking fund to be provided, etc.	3562.75
Total	\$14,054.29
Less Special assessment to provide for sinking fund, etc.	3722.62
Balance	\$10,331.67

In the above statement I have presumed that interest since the system was first operated should be considered as a charge against operation, as I consider the principle of holding debentures two or three years and charging bank interest to a de-

MRS. HUNTER'S STORY

Says she and her Husband Agree Perfectly. Both Quite Well Again.

Mrs. I. Hunter, of 111 Raglan Road, Kingston, Ont., has written for publication a statement of her case as follows:

"I have suffered with kidney and liver trouble and chronic constipation for some time. I was subject to dizziness, bilious headache, nervousness, droopiness, pains in the back and side, and a tired, weary feeling nearly all the time."

"I tried almost every remedy, was treated by doctors and druggists with little or no benefit."

"Finally, a friend advised me to try Dr. Leonard's Anti-Pill, and the results have been truly wonderful."

"My husband has used Anti-Pill for rheumatism and was benefited greatly. We agree that Anti-Pill is a most wonderful medicine and heartily recommend it."

This is a very strong recommendation. Anti-Pill is undoubtedly the greatest of family remedies. All druggists, or the Wilson-Fyle Co., Limited, Niagara Falls, Ont. 504

Spring Trousers

Dame Fashion says "Tweeds for Trousers" this spring.

Pronounced patterns, too—broad shaded stripes and finely marked pin stripes. Grays and gray effects are ultra proper.

Fit-Reform Trousers are poems in cloth. Snug and easy at the hips—just the right "hang" at the knees—just the right "set" at the ankles.

Beautiful English Tweeds, woven exclusively for Fit-Reform.

Some elegant West of England Worsteds to go with frock coats.

\$3.50 to \$7.50.

Fit-Reform

Only one Fit-Reform Wardrobe in this city—

J. H. Morris & Co., Edmonton.

CITY GOVERNMENT:

Mayor, K. W. MacKenzie; Aldermen, C. May, K. A. McLeod, W. H. Clark, D. R. Fraser, J. R. Boyle, J. Bellamy, J. H. Peadar, W. A. Griesbach.

Conveniences:—Waterworks, sewer system, telephone station, electric lighting system, all owned and operated by the city.

Board of Trade:—President, A. B. Campbell, Vice-President, A. T. Cushing, Secretary, F. T. Fisher.

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 10.50.

LOCAL

—Train on time.

—Probs: fair, not much change in temperature.

—Messrs. F. C. Patterson, manager of the Bell Telephone Co., and J. E. Thill, electric superintendent of the company, came to last night and will spend a few days in the city.

—A. C. Shaw, general agent in the United States of the Canadian Pacific railway, says he believes that a conservative estimate of the number of people who will leave the United States to settle in the Canadian North West this year is 50,000. The exodus fever is striking as far south this spring as Southern Illinois and Indiana.

—The Hamburg American steamer Paltana arrived at Halifax on Monday, 14 days from Hamburg, with 907 passengers, bound for the west. They left on special C.P.R. trains. Two of them were held up for trachoma and one had typhoid. The new company seem to be pretty well fixed financially. On the voyage out a passenger was struck by a wave, which swept the deck, and was knocked down the companion way and killed.

ONE.—Edmonton Brewing and Malting Co., Ltd., announce that they will require about 15,000 bushels of first quality six-rowed barley for this season's malting and that a first class price will be paid for such as is carefully raised for malting purposes. The extension which the company have decided to make to their malting plant during the coming summer, they say, will enable them to handle more than the quantity of first grade six-rowed barley that is likely to be grown in this vicinity. Farmers who require six-rowed seed may obtain the same from the Gruekmann-Kerr Milling Co., Strathcona, which company has imported half a car of this seed.

The Canadian North-West.

No homestead Regulations. Any even numbered section of Dominion lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family or any male over 18 years of age to the extent of one quarter section, or 160 acres, more or less.

ENTRY.—Entry may be made personally in the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith under one of the following plans.

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) or any person who is eligible to make a homestead entry under the conditions of the Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3 or 4, must cultivate 30 acres of his homestead, or substitute 20 head of stock, with the thing for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1898.

Every homesteader who fails to comply with the requirements of the homestead law, is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Land Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

W. W. CORY, Deputy Minister of the Interior, N. B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable land are available for lease or purchase from railroad and other corporations and private firms in Western Canada.
